Special meeting of Midian R. A. Chapter, No. 71, Saturday, Sept. 24th, at 10 o'clock p. m. Work in all the degrees. All Companions are urgently requested to attend.

The sportsmen claim that game is going to be scarce this year. In localities, squirrels are plenty; then in other places there are none at all. The mast is scattering.

Word has been received from Rev. L. H. Trimble, that he arrived in Arizona all right and is now engaged at his work. He seems to be very well satisfied with his surroundings.

The Republicans of this judicial circuit will hold a convention in Ironton next Saturday to nominate a candidate for Circuit Judge. It is said that all five counties will be represented.

Lingering fevers, easy to get and hard to break, are bothering the doctors hereabouts. The disease is not often fatal, but stubborn, and yields only after strong treatment and careful nursing.

The oyster supper and dance given by the ladies of the I. O. O. F. at the Academy of Music on Wednesday night last, was quite well attended and proved a very pleasant affair. Quite a nice little sum was realized—\$22.55.

Geo. D. Marks has commenced the erection of a two-story home on Shepherd street, across from the residence of Mr. J. T. Baldwin. The foundation is nearing completion and the remainder of the work will be hurried through.

The nights are cool and pleasant, but about midday the sun shines hot and the mercury climbs close to ninety. Combined with buttermilk and blue jeans breeches, what glorious chills and fever would such weather breed down in the swamps!

On the inside pages of this week's issue of the REGISTER will be found speeches delivered lately by Gov. Boies of Iowa, and J. P. Altgeld, the next governor of Illinois. We commend them to our readers. They are both able and instructive efforts.

Those of our citizens who attended the I. O. O. F. barbecue and picnic at Annapolis last Saturday pronounce the occasion a very enjoyable one, and say that the managers are to be congratulated on their careful consideration for the comforts of all present.

It will be observed by reference to the list of election judges published elsewhere that our county court has established a new election precinct which they have named Inboden. The new precinct is situated between Bellevue and Kaolin and is established at the request of the voters interested.

A number of Democrats met at the courthouse last Saturday and organized a Cleveland and Stone club. Eli D. Ake was chosen president and Arthur Huff secretary. The next meeting will be held Thursday evening, Sept. 22d, at 7 o'clock, at the courthouse. It is hoped that every Democrat who can will be present and enroll as a member.

DIED—At the residence of his parents, Ironton, Mo., Monday, September 18th, 1892, at 11:35 p. m., FARRIS CARTER, infant son of J. S. and M. L. Jordan, aged 2 years and 23 days. The funeral occurred Tuesday afternoon and was largely attended. The bereaved parents have the sympathy of the community in their affliction.

The excursion and picnic from De Soto to this place last Saturday was quite a success. The train bearing the visitors, ten coaches loaded to the guards, arrived at the crossing east of town about ten o'clock; thence they proceeded in carriages to Goulding's park, where the regular exercises of the day followed. Many spent the time driving to the various resorts in the Valley. Half-past six the crowd returned to their train and started homeward.

Collins, the livery man, "got riled" at one of the picknickers last Saturday evening and sent for Marshal Baldwin. The offender was the same party that broke a buggy for Mr. C. last year; this time he secured a horse from one of the employes who did not know him, and was running the animal unmercifully. He caught on to the fact, however, that Hartford was after him, sent the buggy back to the stable by another party, and, in the crowd, gave the officer the slip.

Monday's Star-Sayings—George F. Newcomb, of New Haven, Conn., filed a complaint in the United States Circuit Court to-day against Wm. L. Beyersdorff, an attorney, alleging that he sent him certain sums of money to pay the taxes on land in Reynolds County, but that he converted the money to his own use. For this the complainant asks that Mr. Beyersdorff's name be stricken from the roll of attorneys practicing before the U. S. Courts, and he is given until November to answer the charge. In our opinion, it is only a misunderstanding between the parties which will be straightened out without serious results.

A Wail From the Knob.

With many thanks to those concerned I acknowledge an improvement within my boundaries. Solely and alone stands an erection of a frame in the middle of the creek-bed near the main crossing a whole in itself. Did you see it, Mr. Editor? No? It is worth while to come and to look at it. Some of my inhabitants say it will be a bridge. But the problem, how it will be more accessible, must be found and seen yet. There is no sign that it will be extended by tressels, because it is a finished tressel work in itself, and as is said, the ends to be filled up by rocks and gravel, will be the calculation of a heavy rain, or after such a flow as there was one lately. Now, Mr. Editor, I think I am entitled to a better consideration by the county authorities, and if any thing is necessary to be made, that it is made right at once. The travellers from here to your city do not care having their vehicles painted at each crossing of the creek, and the foot passengers must have a safe pathway to be able to cross the creek. Come, look at the great improvement, and I am sure you will have something to say about it in your influential paper.

PILOT KNOB.

Marriage.

Ed. Register—I see by the papers that Phil. Lanham, the world-renowned auctioneer, has been married lately by some justice of the peace, or judge, and that he had it to do over again, because the priest had not done the job. Do these preachers and priests know that they are stirring a hornet's nest? That legally no preacher or priest has the right to perform the marriage ceremony without showing by the records of each county that they are ordained priests or preachers, and that they are at the time such? What evidence (legal) have you or I that this preacher or priest is authorized to perform the marriage between parties? Where will you find the record of their authority? Certainly not in the court records of your county, the only record known to the people, and the only accessible to the community at large. Marriage is a civil contract, see section 6840, Statutes of Mo., 1889, page 1604.

READER.

Sufferers from dyspepsia have only themselves to blame if they fail to test the wonderful curative qualities of Ayer's Sarsaparilla. In purifying the blood, this medicine strengthens every organ of the body, and even the most abused stomach is soon restored to healthy action.

Jake Lopez is in St. Louis completing his fall purchases.

Card of Thanks.

Mr. and Mrs. J. S. Jordan desire us, for them, to return their heartfelt thanks to the kind neighbors and friends who have done all that might be done to assist the sorrowing parents in their hour of trouble and to lighten the burden of their affliction. The kindness and sympathy received will ever be gratefully remembered.

From Des Arc.

Henry Brewington spent Sunday with his father, B. Brewington.

Mr. Hackworth has bought out Geo. Bates in the Kerries mill, near Patterson.

E. W. Graves has moved his mill from Crane Pond to Des Arc, so we will have a mill in our town again.

Farmers are busy preparing their land for wheat.

Mr. Lewis has been doing some good work on our roads, and he is getting them in fine fix.

I did not intend replying to "Subscriber" in regard to a Republican being in my hat, but "Rex" on Crane Pond has pitched into me. My only objection in saying that I did in regard to a Republican being under every cloud of dirt was to try and stir up the sleepy-heads, as to a paper, you never need one, and "Rex," you and "Subscriber" must be mossbacks or regular chronic growlers.

I'll bet the moss on your backs is an inch long and your eyes are on top your head, and if you should happen to cry the tears would run down your back; and your hair, no doubt, has not been cut since the war; and you sit around on goods boxes growling and snorting at every move a Democrat makes; and, as to a paper, you never need one, and if you have a Bible the dirt-daubers have built their nests all over it. Now, "Rex," you and your pard, wake up! Shake the fleas off of you! Turn out and get up a barbecue—give a beef, or a hog, and if that is too much for you, give a chicken—anything to wake up these sleepy-headed Democrats; for unless we get out and do something, we will get badly left.

ISAAC.

If you have sick or nervous headache, take Ayer's Cathartic Pills. They will cleanse the stomach, restore healthy action to the digestive organs, remove effete matter (the presence of which depresses the nerves and brain) and thus give speedy relief.

"Old Fed," a deaf mute who has lived in these parts for a number of years, was on a drunk yesterday, and attempted to use a knife on Marshal Sherrill, and those who saw the affair say that Mr. Sherrill deserves great credit for the way he managed the maniac, as under the circumstances he would have been justified in shooting him down; but he used no more violence than was absolutely necessary to subject him.

Reverend James Irwin, failed to put in an appearance to lecture, as he promised. He also forgot to notify our people that he could not come, and was looked for until the train arrived at 2:12 o'clock Saturday. As a consequence, every one was badly disappointed.

The crowd was not near as large as was expected at the barbecue. The receipts were about fifteen dollars short of the expenses; but, take it all in all, we had a good time and all seemed to enjoy the occasion.

Sept. 20, 1892. NOVICE.

From Clones.

Ed. Register—Health in this locality, with the exception of a few cases of ague, is exceptionally good.

Farmers who intend sowing wheat are now making preparations by turning the soil and getting their wheat clear of chaff and other unnecessary seed. There will not be more than one half the quantity of wheat sown this fall as is usually sown, owing very probably to the present low price of that cereal.

On the fourth Sunday in last month I attended church at Goodland. The preacher in charge being absent, Rev. Jno. R. Adams delivered a fairly logical and to a large audience who were apparently very much interested. It being my first visit to that church for nearly a year, I, of course, noticed particular the conduct, manners, etc., and I am glad to note that there has been an apparent change all along the line for the better. But in communities one will find a few who never improve.

Some persons were making stirring bling blocks who would necessarily have to be subject to a surgical operation before anything of a refining nature could be gotten into them. Viewing the whole field, one cannot philosophically hope for the better, for water cannot rise above its level.

On Saturday last a trip was made to Red Point, and I found the merchant, as usual, busily engaged attending to the wants of his customers. The success of that establishment should furnish to the young men of that vicinity an object lesson, should teach them what industry, economy, and strict adherence to honest, business principles may accomplish; for not many years ago, Mr. Cureton opened store with a stock of \$200 or \$300, and today has one of the largest and best assortments of goods to be found in any country store in Southeast Missouri.

H. Waldner, merchant at Edge Hill, has removed his stock of goods to his large two-story building which he has just complete. Success to you, Hillar.

Since my last, Miss Mary Henson has been married to John Miller, of Goodland. That flowers may always grow in their pathway, is the wish of your correspondent.

George Stricklin, of whom I made mention in my last, is convalescing.

Jas. McMahon went to St. Louis on the 6th.

Giles Henderson, of Bellevue, was out last week for the purpose of buying sheep. He succeeded in getting quite a number.

Sept. 10, 1892.

Democratic Congressional Convention of the 13th District.

PIEDMONT, Mo., Sept. 6th, 1892.

The Convention was called to order at 10 o'clock a. m. by Thomas N. Horn, chairman of the Congressional Committee. Thomas N. Bradford, of Texas county, was made temporary chairman, and Henry T. Burns, of Perry county, temporary secretary.

Committee on permanent organization reported as follows: T. N. Bradford, of Texas county, was selected as permanent chairman, and Henry T. Burns, of Perry county, was selected as permanent secretary, with T. N. Horn, of Madison county, and T. L. Moore, of Texas county, assistant secretaries; J. R. Bradley, of Shannon county as reading clerk; W. A. Young, of Dent county, A. W. Keith, of Ste. Francois county, and John N. Halley, of Shannon county, were made vice presidents of the permanent organization, and John A. Joyce, of Jefferson county, and Sam. Stanton, of Ste. Genevieve county, were appointed sergeants-at-arms.

Committee on credentials reported the seating of all delegates "except Wayne county," and in the matter of the contested delegation from Wayne county, a majority and minority report was made and a vote of the house taken, resulting in the adoption of the majority report and the seating of the Edgar delegates.

The committee on resolutions reported then as follows:

WHEREAS, It is appropriate on important occasions like the present, that members of a great political party should declare the faith that is in them; therefore, be it

Resolved, That we the Democracy of the Thirteenth Congressional District of Missouri, in convention assembled, hereby heartily accept the platform of principles enunciated by the National Democracy at its convention in Chicago, and cordially endorse the nominees of that convention, Grover Cleveland and Adlai E. Stevenson, as the greatest living exponents of the vital doctrines of Democratic belief and practice.

Resolved, That we point with pride to the businesslike and statesmanlike administration of Governor David R. Francis and his colleagues in office, under whose fostering care Missouri has risen to the proud position of the fifth greatest state in the Union.

Resolved, That we endorse the entire state ticket nominated by the Democracy of Missouri at their recent State Conventions, and that we recognize in our leader, Col. Wm. J. Stone, a Democrat worthy to bear the banner of the Democracy of Grand Old Missouri to a triumphant victory against the revival of Rodman-Drake-Warner Radicalism, with its oppressive expedients of test-oaths, ballot-burning and Federal proscription of American citizens at the polls.

Resolved, That we condemn the infamous Force Bill recommended by President Harrison and his followers, and approved of by the Republican party, as subversive of the vital principles of human liberty, and that we denounce the McKinley Law as being an iniquitous partnership between the Federal government and the favored monopolists of the East, to the detriment of the farmers and other laborers of the West, who constitute the chief wealth producers of the nation.

The following candidates were then placed in nomination: John Organ, of Dent county; W. R. Edgar, of Iron county; Sam. Byrns, of Jefferson county; Edward Robb, of Perry county; F. M. Carter, of St. Francois county; and R. W. Fyan, of Webster county.

On the second day, and on the 106th ballot, R. W. Fyan was nominated, the vote standing as follows: Fyan, 44; Byrns, 26; Robb, 5; Carter, 1.

All the defeated candidates came upon the speaker's stand, and addressed the convention—pledging themselves to heartily support R. W. Fyan, the nominee of this convention.

A vote of thanks was unanimously extended to the people of Piedmont, and to the officers of the convention, at which time the convention adjourned, sine die.

NEW CONGRESSIONAL COMMITTEE.

The following named gentlemen were elected and reported to the convention for the Congressional Democratic Committee of the Thirteenth district for the next two years by the several county delegations:

Jefferson—Hermann Hammel.
Madison—Robert Anthony.
Perry—Henry T. Burns.

Reynolds—Josiah Sutton.
St. Francois—Theo. D. Fisher.

Shannon—J. T. Norton.
Texas—Levi McKaskel.

Wayne—J. C. Carty.
Webster—Harry Fyan.
Wright—Hon. F. M. Mansfield.

After the adjournment of the convention, the new committee met in the parlor of the Grand Central Hotel and organized by electing H. T. Byrns, of Perryville, chairman, and J. C. Carty, of Piedmont, secretary.

Mr. Van Pelt, Editor of the Craig, Mo., Meteor, went to a drug store at Hillsdale, Iowa, and asked the physician in attendance to give him a dose of something for cholera morbus and looseness of the bowels. He says: "I felt so much better the next morning that I concluded to call on the physician and get him to fix me up a supply of the medicine. I was surprised when he handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he prescribes it regularly in his practice and finds it the best he can get or prepare. I can testify to its efficiency in my case at all events."
